We are pleased with our performance in the third quarter of the financial year 2024-25, which demonstrates the strength of our business model and the resilience of our team,” said **Mr. Nikesh Choksi**, Chairman & Managing Director of Viviana Power Tech Limited. “Our continued revenue growth, coupled with strong operational execution, positions us well to deliver on our strategic goals as we move into the final quarter of the year.”

The company’s Q3 performance was driven by robust demand in its core segments of **Power Transmission & Distribution, and EPC projects**, which have continued to expand. The successful execution of key projects and strategic initiatives in these areas has contributed to Viviana Power Tech’s remarkable growth.

Outlook for the Final Quarter:

As we look toward the final quarter of the financial year, **Viviana Power Tech** remains committed to driving operational excellence and capitalizing on emerging market opportunities to sustain its growth trajectory. With the continued expansion of the power transmission and distribution sector, we are excited about the prospects that lie ahead.

With the addition of these orders, we aim to solidify our position in the sector while maintaining our focus on delivering high-quality, timely, and efficient solutions to our clients. The outlook for the final quarter remains positive, and we are confident that we will continue to benefit from the growing demand for infrastructure development in this critical sector.
